Corporate Service Day Overview

Created in memory of Catherine Violet Hubbard, one of the 1st graders lost in the Sandy Hook tragedy, the Catherine Violet Hubbard Animal Sanctuary enriches the lives of all beings by promoting compassion and acceptance. By honoring the bond between animals, humans and the environment, we're creating a kinder and gentler world for all.

Over the past five years, corporate volunteerism has played a significant role in the sanctuary's progress. Over 1,000 volunteers from national organizations and local businesses have supported restoration efforts and assisted with events and programs. From building the expansive raised garden beds, to installing paddocks, to restoring the shell of the sanctuary's 1920's bank barn, volunteers have been an integral part of our development.

Located over 34-acres of beautiful land, the sanctuary provides a safe and beautiful setting for service days that support individuals and teams of as many as 50+.

A typical day of service begins at 9am with a team welcome at the sanctuary's pavilion sculpture. Volunteers are then provided an overview of the sanctuary, assigned projects and introduced to their lead for the day. We have lovely relationships with local restaurants that will work with you and deliver lunch to your team at the sanctuary. The day's work concludes around 3pm at which time teams are welcome to linger on the pavilion green basking in the serenity that is the sanctuary.

Project Descriptions
