Catherine Violet Hubbard
ANIMAL SANCTUARY

GIRL SCOUT PROGRAMS

Girl Scouts of all ages are invited to step onto our 34 acres of peaceful woodlands, meadows, and trails to explore the beautiful world around us. Our badge programs are hands-on, outdoor adventures designed to foster deep empathy for animals and their natural habitats.
Join us to connect with nature, discover the local wildlife, and earn your nature-related badges while building a kinder, gentler world for all creatures. Your troop may be interested in a **Take Action Project** or participate in **Community Service Projects** as well as work towards your Journeys.

Fulfill your Girl Scout badges and Journeys:
